## Our Town 4/23/20

Originally published April 18, 2002

The Soupster haunted the docks the last few April days, studying skiffs. With no prior symptoms to warn him, the boat bug had bitten him squarely and he mightily suffered its effects.

The Soupster tried his best, and for the most part succeeded, in following the advice of the wise old fisherman, who had once said:

"You don't want a big boat, Soupster. What you want is a skiff and a good motor. Everything else, for you, would be just a bigger hole in the water."

Even possibly an inflatable, the Soupster thought. Like a hard-bottomed inflatable on a trailer. A steering station, of course, he always thought. Who doesn't like to look ahead to where they are going?

"Hey, Soupster," called Culver, striding purposefully from the large boat part of the marina. "A skiff would not be enough for me," he crowed. "I take my family in comfort. You know, Soupster, the whole five of us are bonding on that boat." He pointed to the "Blue Hope" - a diesel trawler. "Last night my wife read to me and the kids from David Copperfield. Hey, what did you do with my crazy family?"

"Me, I'm just looking for a little taxi to drive myself around a bit on sunny and flat days," said the Soupster. "You know when the water looks like you could just lay out flat on the surface and take the sun."

*The Soupster has springtime dreams  
of being on the water*

"A mosquito can do that," Culver said. "Water has enough surface tension that a mosquito can just stand on it. Like a solid surface to them."

"The meek of the Earth," said Soupster. "Or the most obnoxious - depending on whether you are in dense forest and it's sundown or not. Meek... How about the green moss poking through the snow? Moss is like very meek and also the first green thing each Spring."

"I de-mossed my lawn last year," Culver said. "Amazing stuff, moss. There's no roots holding it down. You can peel it back like a carpet. Which I did, last summer - peeled a truckload of moss off my lawn. I used a thatch rake - you know, those meaty looking rakes. Got the thatch rake tines underneath the moss and peeled it up just like a carpet. Moss is beautiful stuff really." He shook his head.

"I was looking for a thatch rake!" said the Soupster. "I looked all over town and couldn't find one. Not one. Can I borrow yours?"

"Sure," Culver said. "Amazing about Our Town. Big as it is, we can still run out of things. Like thatch rakes. And even milk."

"Never run out of boats, though," said the Soupster, indicating the massive harbor and its hundreds of denizens.

"Got that right," said Culver.

### Property Tax Assessment Appeal Deadline

**Extended** CBS at its meeting on April 14 passed an ordinance extending the real property tax assessment APPEAL DATE from April 15, 2020 to June 15, 2020. The ordinance states "the COVID-19 pandemic has caused great personal hardships and inconveniences that have made it extremely difficult for many persons owning real property in Sitka to meet the deadline for filing an appeal." If you have questions, feel free to contact Assessor Larry Reeder at 747-1822 or email [larry.reeder@cityofsitka.org](mailto:larry.reeder@cityofsitka.org). 3305e988044484f9

The Municipality is suspending all disconnections for non-payment of utility charges (related to COVID-19 impacts) until further notice. The Municipality is waiving late fees for untimely or partial payment of utility charges (related to COVID-19 impacts) for two billing cycles beginning immediately. Thank you for doing your part, Sitka, in helping to prevent and slow the spread of COVID-19. At the time of this post, we have no known cases of COVID-19 in Sitka. # Tires Tires Tires

Hoop rolling is a child's game sometimes played with tires. A large hoop is rolled along the ground using a stick.

The "draisienne" an early bike with no tires, just wheels!

The earliest tires were bands of leather, then iron (later steel) placed on wooden wheels used on carts and wagons.

The word "tire" is a short form of "attire" - from the idea that a wheel with a tire is a dressed wheel.

### What I'm doing in regard to the Coronavirus:

*I am available to do deliveries and errands for those who do not want to leave their homes. I am disinfecting the car door handles (to open and close the car). I also clean the inside of my car thoroughly. I stopped requesting clients to sign for credit card transactions, so I'm the only one who touches my phone. I work mostly day hours. Good health to you all!*
