All Hip Replacements are NOT Created Equally!!

There is a surgical procedure available that can allow you to have a complete hip replacement and:

- Eliminate the need for physical therapy
- Allow you to cross your legs hours after surgery
- Walk with a cane instead of a walker
- Possibly return to work within one to two weeks
- Use no drugs stronger than Tylenol
- There are only two restrictions after surgery

To find out if you are a good candidate for this remarkable procedure, call my office **747-2726** to schedule your consultation. Your initial orthopedic and radiographic exam can be performed in the comfort of our local office. I would be honored to assist you in regaining the pain-free life you once lived.

Our Town July 16, 2015 *The Soupster compares consumer choices*

Garth McGregor was a big guy, but looked strained carrying the enormous box on his shoulder. A sheen on Bart's skin indicated a relative rarity in Our Town – sweating outside.

The Soupster held the door from the post office for the bigger man and then followed him to his truck.

"Can I get the truck door for you, Garth?" the Soupster asked.

"Thanks, Soupster," Garth said.

Garth drove a white pickup with a crew cab and wanted to put the box on the rear seat. He grunted as he did so.

"It's a big microwave oven I just ordered online," Garth said. "One heavy puppy."

"Was it a special model?" the Soupster said. "Did you look at any of the stores in Our Town? You know, 'Buy Local'?"

"I know, I know," said Garth. "But I was reheating some haggis my brother sent me in the middle of this great BBC penguin thing I was watching on my e-reader and the microwave burned out. Just died."

"Wow," said the Soupster.

"No, the haggis was still delicious, even lukewarm," said Garth. "But, like a zombie, without even thinking, I ordered another one on the e-reader."

"This microwave is a nice unit," Garth continued. "But I didn't realize it was so big and heavy. I could've gotten a smaller one. I'm not looking forward to lugging this up the goat trail to my house."

The Soupster noted the model number of the microwave and asked Garth the price. Garth told him and the Soupster wished his friend "Warm Haggis!" as Garth drove off.

"Warm haggis," the Soupster thought, which led to another thought and then another thought until a new thought surfaced in his mind as "I need a new fluorescent bulb for my office lamp."

At the hardware store, the Soupster was again pressed into service as a doorman. Lottie Brandywine came striding out the entrance with her usual confident commandeering of space. She was followed by a tall young man with his long arms around a big box.

As the young man passed, the Soupster noticed the item was a microwave oven, pretty much the same model that Garth had tussled with a half hour before. He followed the young man, who followed Lottie.

Lottie popped the hatch of her car with a handheld device, instructed the young man to put the box in there and thanked him.

The Soupster sidled up and greeted Lottie.

"New microwave?" he asked.

"Aren't we nosy," she answered.

"Well, I just saw Garth McGregor lugging a similar microwave at the post office."

"Oh, yeah? What did he pay?" Lottie asked. When the Soupster told her, she smiled. "I paid $8.96 more. And I didn't have to lug it anywhere."

"Buy Local," the Soupster said.

"Bye, bye," said Lottie.

The 2015 Sitka Farmers Market will again accept QUEST cards for food stamp benefits during the upcoming season. In addition, the Sitka Local Foods Network (SLFN) will match up to $20 per food stamp participant per market until resources are exhausted. So a family of 4 on food stamps could end up with an extra $80 per market to use on approved foods like vegetables, breads, fish, jam, starts, etc. Find the SLFN booth at the market and cash in your benefits for market coins to spend at the market. SURF MASTER DUKE KAHANAMOKU

ALASKAN SURFER IN DRY SUIT

WE'D RATHER BE MUSHING!

Capt. James Cook first saw surfers in Hawaii in 1778 • The earliest surfboards were planks of wood from the koa tree used by ancient Hawaiians • These boards were often 20 feet long and very heavy! • They were called *papa he'e nalu.* Today, surfboards are made from fiberglass and other materials and are much lighter • Every year, Huntington Beach, Calif. hosts a surfing contest for dogs!
