By hook or by crook, the Soupster makes it to the ballot box

Previously published September 23, 2010

"There it is!" the Soupster cried when he saw the watch he had lost last Christmas, fallen between the washing machine and the dryer. He should have thought of looking between the appliances – from there he had at other times retrieved single socks, misplaced mail and some multi-legged critters with segmented exoskeletons.

The watch was a nerd delight with a big time face and a tiny calculator. He loved it: the Soupster was great at addition, but anything more complex gave him a headache. He glanced at the watch as one of the digital numbers changed. It still worked!

A knock at the door and the Soupster opened it, to find Keith Undermeyer standing outside astride his new hybrid on-road/off-road bicycle, with a meaty plank mounted on the rear bumper as a cargo carrier. He had one bike helmet on his head and another cradled in his arm. The Soupster fastened the watch to his wrist.

"You gonna vote, Soupster?" Keith asked.

"Of course," the Soupster said.

"Got a bike?"

"Well, I was probably just going to dri…." The Soupster started.

"Well, you are probably going to ride your bike there now," said Keith, cutting him off and tossing him the helmet. "Go get your cycle."

The Soupster retrieved his ancient Schwinn 5-speed and met Keith out by the road, already starting off. The Soupster tried to catch up with his nimble friend, but no matter how hard he pedaled, the distance between the two men grew larger.

Something was wrong. Even the Soupster was faster than the top speed he now attained. He stopped and examined his bike. His rear tire was nearly flat! No wonder!

A speck in the distance now, Keith turned around. The speck got bigger. The Soupster looked at his recovered watch to see that it was a few minutes to 8 – WHEN THE POLLS CLOSED!

Keith pulled up.

"I have a flat, you'll have to take me on your bike," said the Soupster.

"What's your hurry?" said Keith, but the Soupster just jumped up onto the meaty cargo plank. "Let's go!" he said.

Keith shook his head, but dutifully pulled off. With the greater weight he was slower, but still fast. The Soupster mentally egged him on. The polls were going to close! They would miss out on voting!

At the polling station, the Soupster jumped off the back of the bike and was opening the doors even before Keith stopped moving. He stepped inside, breathless.

"Made it!" the Soupster said triumphantly.

"Actually, there's still an hour," said the woman checking IDs and taking signatures.

"But the time…" said the Soupster, showing her his watch.

"Your watch is wrong," said the nice lady. "When's the last time you checked it?"

PROPOSITION No. 1
(By Referendum Petition Ordinance 2018-35)

Shall Ordinance 2018-14, approved by the Assembly of the City and Borough of Sitka on April 24, 2018, which amended the Sitka General Code by deleting the senior sales tax exemption and replacing it with a senior sales tax rebate program, be repealed; thereby, reinstating the senior sales tax exemption?

YES ○ NO ○

PROPOSITION No. 2
(By Initiative Petition Ordinance 2018-38)

Shall the City and Borough of Sitka, Alaska, exempt itself from the provisions of AS 18.35.301 – 18.35.350, relating to smoking in certain public places?

YES ○ NO ○

Informational: An affirmative vote of this ballot proposition would exempt the City and Borough of Sitka from the provisions of AS 18.35.301 – 18.35.350, relating to smoking in certain public places. In that case, Sitka General Code, Chapter 9.20, entitled "Smoking in Public Places and Places of Public Employment", would remain in effect. Under Chapter 9.20, smoking is prohibited or regulated in certain public places. However, under Chapter 9.20, smoking is not prohibited or regulated in "bars" and "private clubs", except if declared by the establishment as "nonsmoking." If the question is rejected, the new law, AS 18.35.301 – 18.35.350, would prohibit smoking in certain enclosed public places, including "bars" and "private clubs".

Kevin Mosher for Assembly

I've lived in Sitka most of my adult life & am married with 5 children. I have a Bachelor's degree in Business Administration & have worked in the accounting field for the past 10+ years. I am currently employed at Shee Atiká, Inc.

I am running for Assembly and would appreciate your vote on October 2, 2018!

Foster a family-friendly town Decrease the city's impact on the rising cost of living. • Constantly raising taxes & fees are dis-incentives to residency & investment. • Strive to make living in Sitka more affordable. Ensure K-12 school system stays strong.

Foster sound fiscal management of city budget City must manage its budget as families do during challenging times. • Get budget to sustainable level & live within our means (I support Gary Paxton's position on sustainable budget). • Help Sitka businesses & industries grow.

Engage the community I welcome & respect all views. • Community understanding, engagement and consensus are important to making the best decisions. • I believe we all love Sitka and that we can and need to work together. • I will work to make citizen involvement with the Assembly easier & more substantive.

SITKA SOUP KID'S PAGE presents Corvids

Corvids are birds of the crow family Corvidae; a crow. Among the most familiar corvids are ravens, crows, blue jays, magpies & jackdaws.

Corvid Facts:

- They remember faces & recognize themselves in mirrors.
- They are creative problem solvers & excellent communicators. (Ravens have 15 - 33 categories of recorded vocalizations!)
- Corvid parents will adopt other birds.
- They have some of the best spacial memory of any animals!
- Common ravens are the largest songbirds in the world.
- Edgar Allen Poe wrote a famous poem called "The Raven" and the raven is a mascot in Sitka.

Would a colorful raven be as mischevious? We don't know... Color this bird, and let us know!

This riddle was posed by author Lewis Carroll in his 1865 novel *Alice's Adventures in Wonderland*. The book didn't include an answer, yet after being hounded by his readers, Carroll finally offered an answer: "Because it can produce a few notes, tho they are very flat; and it is never put with the wrong end in front!"
